SUDDEN DEATH OF CARDINAL

Former Papal Secretary of State Died Last Night in Rome

POPE MUCH AFFECTED

Issues Orders That the Highest Honors Should Be Paid Deceased Cardinal—Had Been in Usual Good Health.

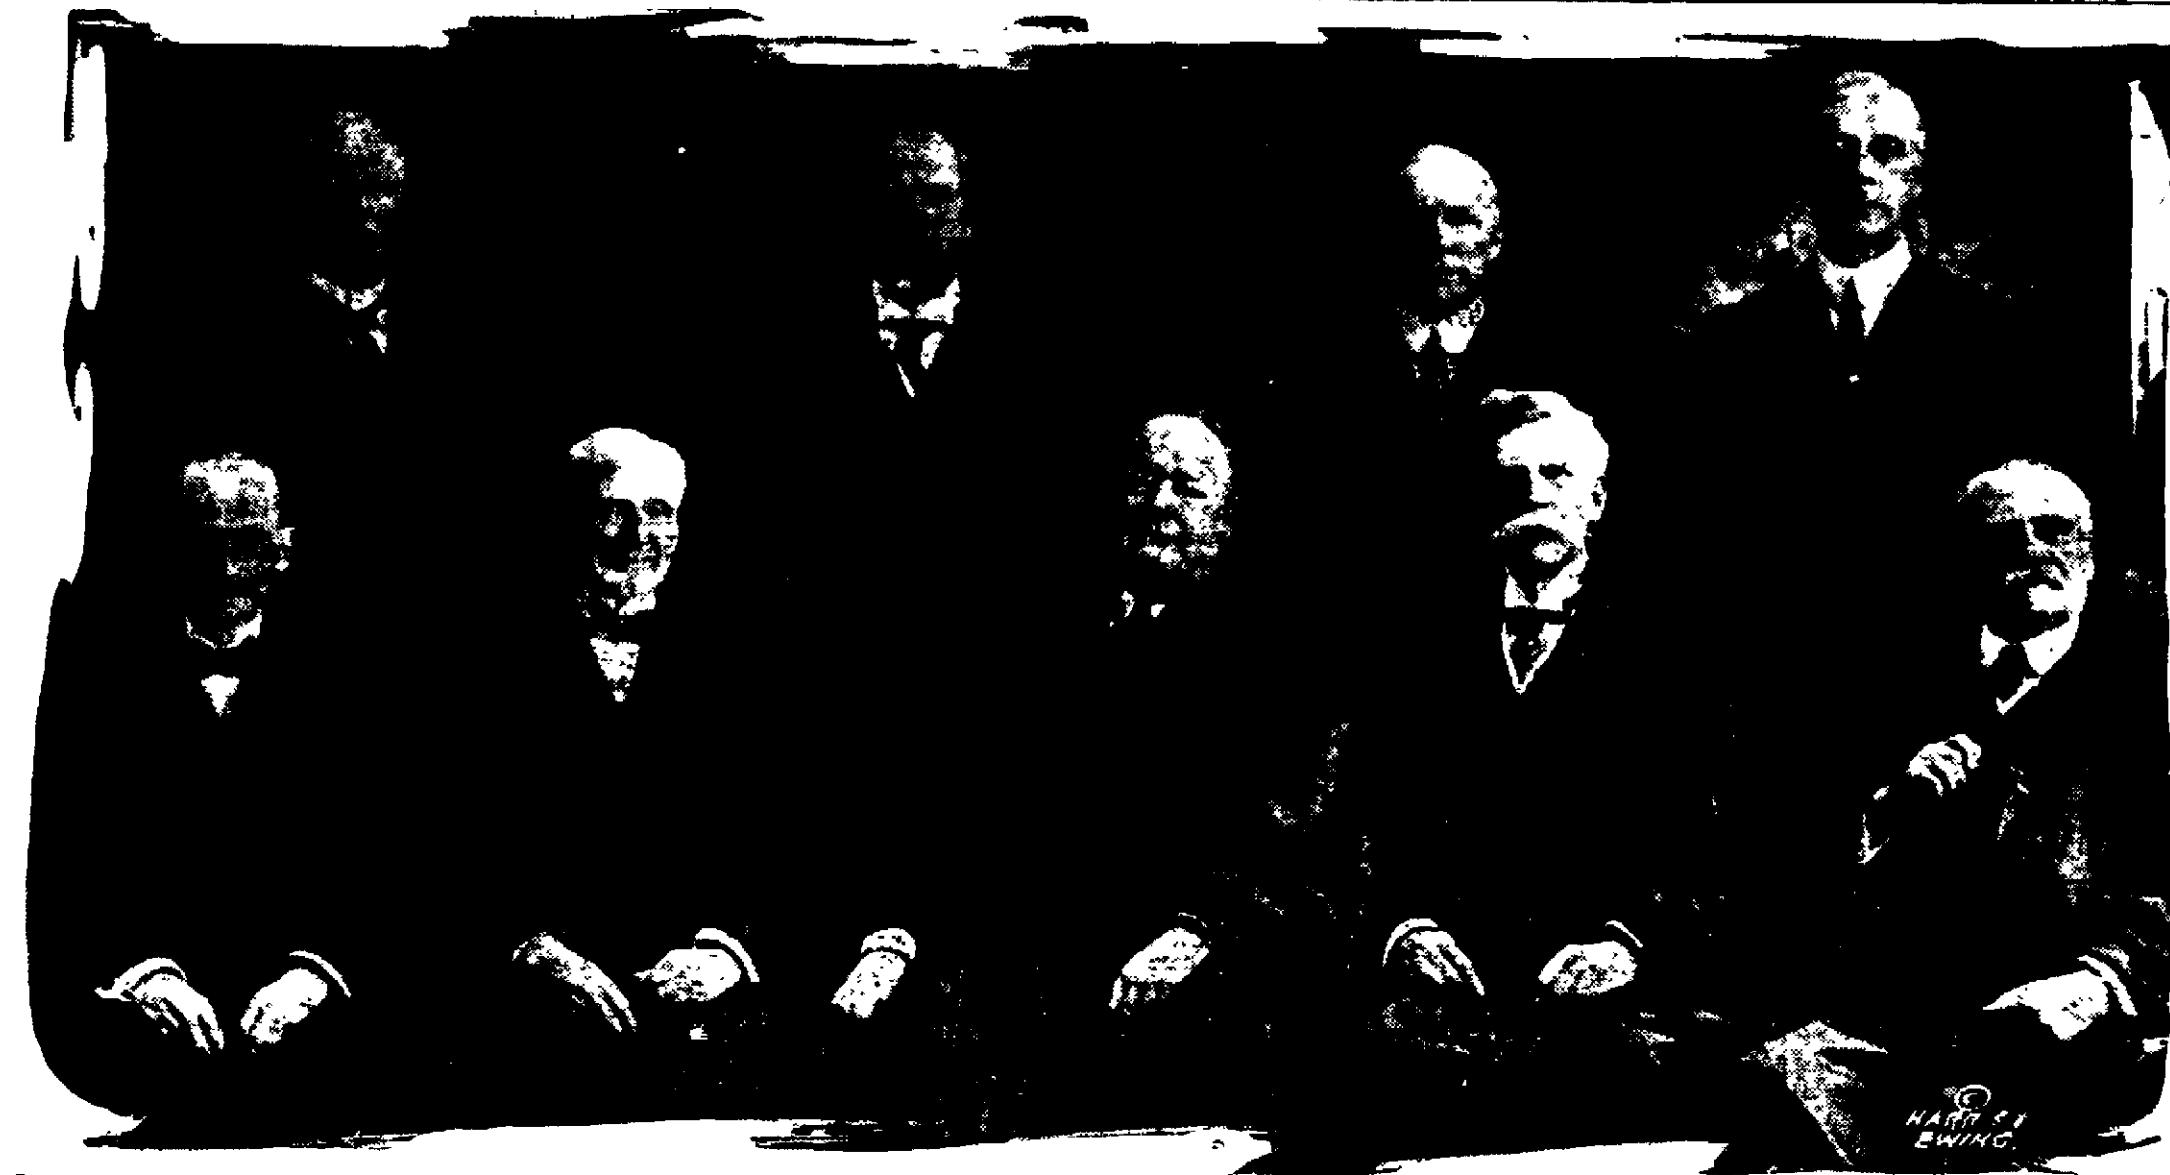

(ASSOCIATED PRESS TELEGRAM)

Rome, Dec. 17.—The death of Cardinal Rampolla, former papal secretary of state was not made known to Pope Pius X until this morning. Cardinal Merry del Val and Monsignor Bressan, the Pope's private secretaries went to see His Holiness at an early hour intending to break the sad news as gently as possible. But when the pope heard the name of Cardinal Rampolla coupled with the word "indisposition" he grew pale and begged them to tell him the truth without hesitation, as anxiety and uncertainty affected him more than anything else. The two prelates then told him that Rampolla was dead.

As recently as Saturday the pope had received Cardinal Rampolla who was then apparently in his usual good health and spoke at length about many affairs.

The pope later issued the following statement:

"Cardinal Rampolla was one of the greatest men in the church. He

Standing (From Left to Right)—Associate Justices Joseph R. Lamar, Charles E. Hughes, Willis Van Devanter, and Mahlon Pitney. Sitting (From Left to Right)—Associate Justices William R. Day, Joseph McKenna, Chief Justice Edward Douglass White, Oliver W. Holmes, and Horace H. Lurton.

Since the appointment of Associate Justice Mahlon Pitney to the United States Supreme Court by President Wilson it was impossible, till the other day, to obtain a photograph of all the members. Supreme Court justices are busy men—and dignified. In Washington they hold themselves just a little aloof, and every photographer can't run in and get them to pose for a snapshot. But the entire court has at last been persuaded that the country is entitled to see what the members look like in their robes of office.

CHARGE COMMISSION MANAGER RECEIVED BIG COMMISSION

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 17.—Charges of irregularities in dealings between John Burke, commissary manager for the Panama Canal work, and contractors who have been furnishing supplies, are being investigated by the government. So far as the investigation has gone, no loss to the government has been discovered and the amount of money involved has not been determined. Broadly, the department is investigating to determine whether he has received commissions from contractors.

Burke is somewhere in the United States on a sixty days' leave of absence from his post on the Isthmus and is still on the government payroll. At the canal commission's office it was stated that as the investigation into the charges against Burke is still in progress to disclose the government's purpose at this stage might defeat its objects. It is admitted officially, however, that for the last six months the inquiry has been in progress based upon charges referred to Charles R. Walker, a former subordinate of Burke in the commissary department, alleging that his superior officer was demanding and receiving large commissions from persons with whom he had placed large contracts for food and other supplies for the canal workers. Also it was alleged that Burke had awarded contracts to the Colon Import and Export company, in which he was a stockholder and that he had profited at least \$50,000 from his operations.

His salary is \$4,500 a year. Several important contracts were placed in Europe.

For examinations for stenographer, clerk-stenographer and typist, which will be held in Cleveland, Toledo, Cincinnati, Columbus and Athens, Dec. 20 at 9 a.m., applications must be obtained from the state commission, and must be filed with the commission in Columbus before the time set for the examination. All applicants for the examination must report to the county clerk for assignment to examination quarters.

The new regulation provides that notice of all examinations must be filed with the county clerk and the city clerk of all municipalities. In compliance with this provision, notice of examination No. 4, has been filed. This is for the position of deputy district tax assessor of each county seat. The examination is to be held January 3 at 9 a.m. Application blanks are obtainable from the district tax assessor, in this county, William H. Anderson, or

from the state commission, and must be filed with the commission in Columbus before the time set for the examination. All applicants for the examination must report to the county clerk for assignment to examination quarters.

MEASURES TO REUNITE THE PARTY

Are Still Being Considered by Republican National Committeemen

SOLUTIONS ARE OFFERED

And Will Be Acted Upon Today—Will Reduce Representation of Southern States in National Convention—Seventy Delegates Less.

(ASSOCIATED PRESS TELEGRAM) Washington, Dec. 17.—The Republican National Committee met again today to conclude the reform measures it has undertaken to reunite the party, to clear its convention machinery of certain features and to reduce representation in national conventions from southern states and congressional districts which are regarded as hopelessly Democratic.

Only two propositions remained to be acted upon today and a report from a special sub committee, headed by National Committeeman Warren, of Michigan, offered a solution of each. Under the proposals of the sub-committee the change in representation would give to each state four delegates at large, one from each congressional district and an additional delegate where the Republican vote bears a certain ratio to the total vote. The exact ratio which shall determine when a district shall have an additional delegate has not been agreed upon but no serious trouble was expected over that feature.

The Warren proposal finally agreed upon a plan of reappointment providing for four delegates at large from each state, one from each congressional district and one additional from each district where the total Republican vote was 35 per cent or more of the total vote cast.

No district, however, would have more than two delegates, no matter how large the Republican vote. States having congressmen at large to be entitled to one vote for each. The congressional election of 1910 probably will be used as the basis for determining the exact representation in each state. Territories and the District of Columbia would have two delegates each. The plan provides also that it shall become effective when it is ratified by states representing a majority of the electoral college.

Under the Warren plan representation in national conventions would be reduced by 70 delegates. The following named states would lose the following number of delegates: Alabama, 6; Florida, 2; Georgia, 6; Louisiana, 7; Mississippi, 8; N. Carolina, 2; Oklahoma, 1; S. Carolina, 7; Tennessee, 4; Texas, 14; Virginia, 6; total loss for the south 62; Illinois, 2; Kentucky, 1; New Jersey, 1; New York, 4; total loss for the north 8.

A plan for additional delegates where the Republican vote was more than 40 per cent of the total was rejected.

PLAINTIFF IS AWARDED \$500 BY THE JURY

Margaret J. Vaughan was awarded \$500 by a jury in Common Pleas court late Tuesday, for personal injuries suffered by her when she alighted from an Ohio Electric car in East Main street in June, 1911. The plaintiff declared that while she was alighting from the car it started, throwing her to the pavement. The Ohio Electric railway company was made defendant in her suit for \$7,000.

Strike leaders urging the strikers to stay out and appealing to non-striking men to organize were pelted on the State Street this morning. Picketers said, "We will help all the help we want in a day or two," said Manager O'Connor of the staff, "so far as we are concerned the strike is over."

Elizabeth Schleider, Schmidt's favorite sister, who came here from Germany with her father to testify that Schmidt had been insane for years, took the witness stand for cross-examination at the resumption of the trial today. Her story was practically unchanged by the district attorney's questioning.

TO UNIONIZE ALL HELP

Picketing is Being Continued—Bartenders, Chefs and Cooks May Be Called Out—Hotel Men Say They are Not Worried.

DETECTIVES ARE SEARCHING FOR MISSING GIRL

(ASSOCIATED PRESS TELEGRAM)

Cleveland, Dec. 17.—Officers of the cooks and waiters union said today that they would call out all union bartenders, chefs and cooks and all other union workmen employed in Cleveland hotels, and asserted they would unionize all help remaining in order to win the waiters strike, begun yesterday at the Hotel Statler, Hollenden and Colonial.

These three hotels entered the second day of the strike with check girls and bell boys working as waiters.

Secretary Thomas Farrell of the Waiters Union, said union waiters would be called out at the Union club at noon, unless the directors acceded to demands of \$10 and \$15 a month was increased.

Strike leaders urging the strikers to stay out and appealing to non-striking men to organize were pelted on the State Street this morning. Picketers said, "We will help all the help we want in a day or two," said Manager O'Connor of the staff, "so far as we are concerned the strike is over."

SUDDEN

(Continued from page one.)
bringing about a better understanding between all religions seems Cardinal Rampolla was the closest collaborator with Pope Leo XIII in the movement for the reunion of the lost Christians. When Pope Leo was given a telegram was received from Rome saying that the American Protestant congregations were praying for his recovery. Cardinal Rampolla took the dispatch immediately to the dying pontiff who instructed Cardinal Rampolla to write to the lessers that had been a great consolation to him, as it had proved that his care for the reunion of the churches was not a dream.

Yesterday morning Cardinal Rampolla went to St. Peter's to inspect the work of restoration of the choir, after he fell general indisposition which developed into profound prostration. He refused, however, to allow the secretary to remain with him all night in the little bedroom at St. Peter's where he had lived since he was secretary of state.

A physician visited the cardinal

and said of serious symptoms

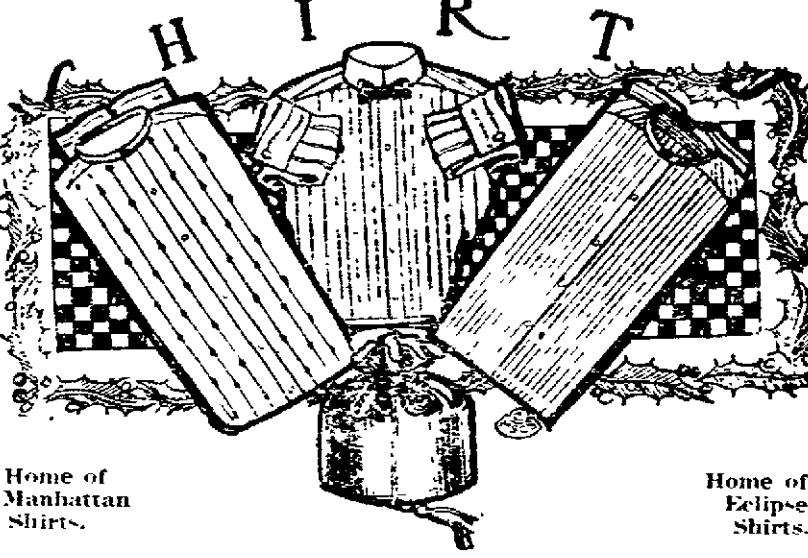

and ordered him to take a complete rest. Later in the evening the cardinal grew worse and had great difficulty breathing. He sent a messenger for his secretary and physician, but when they arrived the cardinal was dead.

The physician declared death due to acute prostration. The cardinal's last words reported the final rites of the church and then sent for the cardinal's sister, Baroness Carolina Ruffo de Pezzai, and informed her of his death.

ected because under it the north would lose proportionately more than the south. Under it New York's representation would be cut by 8, and Ohio by 5. The sub-committee unanimously agreed on the 35 per cent.

The sub-committee presented an unanimous report for the modification of the party's rule providing for the recognition of state primary laws, the acceptance of the right of a state to choose all or part of its delegates at large to national conventions and agreed that in future convention delegates presenting certificates from proper state authorities should be placed on the temporary convention roll. This latter feature promises to do away with troubles which have arisen at previous national conventions over contests and deprives the national committee of arbitrary power to seat delegates.

The sub-committee's report on primaries and procedure reads in part as follows:

(a) That in any state, which shall have provided by law prior to the election of delegates from such state, for the election of such delegates to national conventions of political parties, said delegates from that state shall be elected in conformity with such law.

(b) That all delegates from any state may be chosen from the state at large, or part from the state at large and part from congressional districts in conformity with the laws of the state in which the election occurs.

(c) That delegates presenting certificates of election from the canvassing board or officer created or designated by state law to canvass the returns and issue certificates of election to delegates to national conventions or political parties, in a primary election, shall be placed upon the temporary roll by the national committee.

The plan of the sub-committee to recognize primary laws, and change the rules governing conventions was adopted by the national committee by a unanimous vote. On a point raised by Committee-man Chubb of Florida, it was announced that the resolution would be changed so that in states where it is optional whether a party shall hold primaries for the election of delegates they shall be selected in the old manner and the primary plan shall be observed only in states where the law provides specifically for such action.

Ten thousand votes or majority fraction thereof were cast for the Republican candidate in 1908.

That plan was to reduce the total number of delegates in the convention to 445. The south, which had 272 delegates in the convention of 1912, would have only 119 if that plan were adopted.

Wm. Barnes, Jr., of New York, proposed as a substitute for the Howell amendment that the report of the special committee be adopted with a provision that no congressional district should get the benefit of an additional delegate unless that district had cast at least 75 in Republican votes for presidential electors or in 1911, for candidates for congress. He said that it would be a fundamental mistake to adopt any scheme of reapportionment which would eliminate the congressional district as a unit. The proposal of Mr. Howell, he said, would absolutely shut out 12 states from the congressional district delegate plan. Mr. Barnes' substitute proposal, he said, would reduce the southern representatives by 77 votes in the convention, the northern states by 5, of which New York would lose four.

Mr. Howell suggested as an alternative plan for the congressional committee providing four delegates at large for each state and one delegate in addition for each 10,000 votes in a state.

After his motion for reapportionment of delegates an amendment was offered, providing that the basis for the selection of delegates in each congressional district in addition to the one should be based on the Repub.ian vote for Repub.ican presidential electors in 1908, or for the Republican candidate for congress in 1911, whichever is the larger.

R. B. Howell of Nebraska submitted a report. He concurred in everything except the apportionment scheme. The elimination of only 62 delegates from all the southern states, Mr. Howell asserted, would not in his opinion, be satisfactory to the Republicans of the country.

FROM A WOMAN'S POINT OF VIEW

As I strolled past the Notion and Novelty Departments today, I fell in love, so to speak, at once with the dainty and useful articles that are displayed there. Here one will discover the latest importations in Lace Collars and Sets, including the highly colored effects that are now so popular. My gaze next rested upon the magnificent display of Fancy Belts, Girdles and Sashes. Really, they are the prettiest and noblest things I ever saw, proving quite useful to lend tone to some sedate gown. In the cases were unlimited assortments of the newest Hair Ornaments, that were positively bewitching in their splendor. Resting next to these were the latest novelties in Silver Mesh Bags, Coin Purse and Vanity Cases. I could hardly tear myself away from the beautiful display of dainty Neck Ruffles, made up from sheer chiffons in dainty colors, and a few from Marabou and ostrich feathers combined. Worn with any coat, suit or gown, these little bits of daintiness will add dressiness to any woman. I never knew before that these departments held in store so many acceptable gift suggestions. I can strike off quite a few perplexing gift items from my list after seeing these pretty things today.

FORTY-FOOT XMAS TREE FOR PARK

Will be Erected in Northwest Corner of Court House Park—Will be Brightly Illuminated.

Newark's municipal Christmas tree committee announces the purchase of a splendid forty-foot tree, grown on the Ed. Montgomery farm, near Harover, which will be brought to Newark the latter part of this week, and trimmed Monday or Tuesday. Prof. W. E. Painter, head of the department of manual training in the public schools, has been detailed to design a huge star which will adorn the top of the tree and which will be outlined in incandescent lights.

So far there has been less than \$100 subscribed to the fund, and additional subscriptions are being earnestly solicited in order that the required fund be in hands of the committee in ample time.

Prof. C. W. Klopp, of the department of music in the public schools, is busily working out details of the big choral program to be given.

Present plans provide for erection of the tree in the northwest corner of the court house park. It will be fully trimmed and brightly illuminated before Christmas eve.

In connection with the project in other progressive cities, comes the announcement from St. Louis in press dispatches that 401 Christmas trees, the gifts of residents of Irondale, Mo., are to be used in the municipal holiday celebration in St. Louis. The gift includes one fifty-foot cedar tree and 400 smaller evergreens.

The large tree is to stand in the middle of the widest street in the city, which adjoins the city hall square, while the smaller trees will line both sides of the street for a length of two blocks.

CURRENCY BILL MAY PASS BEFORE SATURDAY NIGHT

Washington, Dec. 17.—Predictions that the currency bill would pass the senate before Saturday night were made today by Senators Bristow, Burton and Gallinger. Republicans, after they had rejected overtures from Senator Kern, Democratic leader for an agreement to vote not later than Friday night.

"The Republican senators are quite as anxious for a final vote on this bill as the Democrats," said Senator Gallinger. "It is not the Republicans who are delaying action or consuming most of the time."

The Democratic leader was determined to be unfamiliar with the bill under consideration, and with not having followed the development of affairs in the senate.

INVESTIGATION SALVATION ARMY IS ORDERED

Cincinnati, Dec. 17.—State Fire Marshal Defenbach today ordered a rigid investigation of the fire which early yesterday destroyed the Salvation Army home for men and resulted in the loss of five men and the injury of nearly a score of others.

The case of Major J. S. Spradle, who was in charge of the home and who was arrested on the charge of having violated the building ordinance, was continued in police court today until Dec. 24.

A careful check has been made of all those who were in the home when the fire started and the conclusion has been reached that it is not likely that any more bodies are in the ruins.

A smart woman is one who can look at the bill for the meat and tell how much the butcher's thumb weighs.

A marriage is the only sentence on which a man gets no time off for good behavior.

The most intolerant person is the woman who never has been tempted.

In our town the fact that a woman does her own work does not disqualify her for society. But the rule that she must not scrub her own front porch is very rigidly enforced.

A woman is perfectly willing to intrust her life's happiness to a man, but she never has faith enough in him to permit him to pick out a \$22 rug.

Ezra Ellington, who is trying to teach his wife the value of economy in household affairs, bought five hundred bushels of potatoes the other day for family use, thus securing a reduction in price of twenty cents a bushel.

Dodd Gaston, who ordered one during a recent visit to San Francisco, says those who do not know how an artichoke should be eaten do not miss much.

By continually reminding her that it is time to do so, a man sometimes can induce his wife to begin dressing for the theatre.

ST. LOUISVILLE

The chicken supper and bazaar given by the M. E. church at the I. O. O. F. hall Saturday evening was a success in every way. Sixty-four dollars was taken in. Proceeds amounted to \$59.82, which goes for the benefit of the church.

Mrs. Will Miles and son George of Newark spent Saturday and Sunday visiting friends here.

Mrs. Indus Marriott spent Thursday and Friday with her parents in Hebron.

Miss Iva Haas spent Friday evening and Saturday with Miss Bernice McQueen in Newark.

Miss Florence Madden who has spent the past two months at the home of her sister Mrs. L. L. Marriotti returned to her home in Hebron Thursday.

Miss Mamie Harter of Newark is spending the week with Mr. and Mrs. O. C. Harter.

Mr. and Mrs. Howard Stevens and children of Newark took dinner Sunday at the home of Mr. and Mrs. Joseph Hawke.

Mrs. Orisha Sturman went to Newark Tuesday to spend the winter there.

Mr. and Mrs. Harry B. Evans of near Martinsburg spent Sunday at the home of the latter's parents, Dr. and Mrs. J. D. Rouse.

Mr. and Mrs. Charles Huffman spent Sunday with Mr. and Mrs. L. LaFever near Utica.

Mr. and Mrs. George Weaver of Newark spent Sunday with Mr. and Mrs. Ad. Weaver.

Mr. and Mrs. Ora Cochran and children and Mr. and Mrs. George Green and daughter Eva of Wilkins Corner spent Sunday with the Misses Budgen.

If you are thrown on your own resources it is better to land on your feet than on other people's.

The heart and head should work in unison. In fact a man seldom loses one without losing the other.

Christmas Thoughts

By Chalmers L. Pancoast.

REMEMBER GRANDDAD WAS ONCE A BOY.

When you are gay and merry and feasting at Christmas, don't forget Granddad wants to be included in the fun. When you were a youngster you thought him the finest fellow in the world. From the time you rode his knee to his old sorrel horse it was he who brought delight to your youthful heart. He knew just how to plan things to keep down disappointments. He never tired of romping and playing. The best he had to give to you. Mother and father seemed severe at times, but granddad never was. And when either said "No," granddad pleaded and you got what you wanted. It wouldn't have always been smooth sailing if he hadn't been around to nip a fellow out. Then when you disobeyed he looked sad. You tell him you had hurt your best friend and you tried your best to be good so that he would smile and romp with you again.

If you have grown up remember that Granddad should not be neglected. Give him one of the happiest, merriest Christmas Days he ever knew.

It is the high quality of Royal Baking Powder that has established its great and world-wide reputation:

Every housewife knows she can rely upon it; that it makes the bread and biscuit more delicious and wholesome—always the finest that can be baked.

It is economy and every way preferable to use the Royal, whose work is always certain, never experimental.

There are many imitation baking powders, made from cheap ingredients. They may cost little per pound, but their use may be at the cost of health.

Lost—a Lame Back

Millions of backaches are lost annually, and who wouldn't lose one? It's a simple matter, too. All that's needed is an Allcock's Porous Plaster placed on the spot that hurts. You can go right ahead with your work and soon you'll forget you ever had a pain.

Allcock's POROUS PLASTER

gets at the seat of the trouble as nothing else can. For over sixty years they have been the standard remedy for all kinds of aches and pains, soreness, stiffness, etc. Like most meritorious articles, they have been extensively imitated—therefore to derive all the benefits that a porous plaster should give

Theaters

"Everywoman."

Turning the searchlight upon the frailties of the human kind and exposing to its rays the pitfalls of society, while at the same time pointing out the pathway to happiness and the triumph of true love, is the mission of Henry W. Savage's marvelous production, "Everywoman," which will be disclosed at the Auditorium tonight, Thursday matinee and night.

It was fashioned after the ancient morality play, "Everyman," but its interesting embellishments in bringing it up to date with the resourceful adjuncts of modern stagecraft, lights, colors, costumes and scenery, have combined to add to its effectiveness.

"Everywoman" virtually means every woman. It is a chapter that might have been taken from the life of every woman. With keen penetration into the foibles of the sex, Walter Browne, the author, has laid bare a portraiture while deftly analyzing woman's life. The lesson he has taught is a strong one. No sermon could be more impressive than this exquisitely mounted and acted play which drives home the great truth of right living. From the moment the curtains are parted upon the first act revealing the cowed face of Nobody through the five acts the interest is cumulative and absorbing. The lines are all beautiful and there is not a weak or meaning sentence in the book. A strong and masterful purpose is observed in every spoken word and the dominating note everywhere apparent is the high moral incentive which inspired the author to write it.

Nearly all the lines of "Everywoman" are spoken to music. The score is a lofty and ambitious one and was composed by one of the big men in American music, Dr. George Whitefield Chadwick, dean of the New England Conservatory of Music. To properly interpret the score an entire symphony orchestra is carried by the organization from city to city. Henry W. Savage is proud of this production, and rightly so. In dignity and beauty and massiveness it has never been approached in the history of the American stage.

Washington, Dec. 17.—A new counterfeit \$10 United States treasury note has made its appearance, the secret service says in a circular of warning just issued. The note is of very crude workmanship and is printed on very bad paper. The silk fibers of the genuine note are imitated with pen and ink, while the color of the seal and counter is brick red.

GUNMEN'S APPEAL IS BEING HEARD IN COURT TODAY

(ASSOCIATED PRESS TELEGRAM)
Albany, N. Y., Dec. 17.—Arguments on the appeal for the four gunmen convicted of the murder of Herman Rosenthal, the New York gambler, began today before the state court of appeals. The appeal was similar to that already made in the Becker case. It was asserted that the presence of three of the gunmen, Whitey Lewis, Gyp the Blood and Lefty Louie, near the scene of the shooting was due solely to an arrangement they had to meet "Bald" Jack Rose to discuss the arrest of Zelig, another of the gunmen. While they were engaged in conversation it was set forth, the fatal shot was fired.

PEEVISH INFANTS

There's One Dependable Nerve Sedative—Absolutely Harmless.

If your baby is cross, fretful, cries easily, is feverish or is irritable because of teething, always remember that Morse's Glycerine is a purely vegetable remedy, that will soothe, quiet and comfort in the shortest possible time.

No mother need feel timid about giving Morse's Glycerine to her baby, because it is absolutely harmless. It is used in Infants Hospitals and prescribed by physicians in many parts of the world.

Morse's Glycerine is a product of Hazen Morse, a noted chemist who has been compounding prescriptions for physicians and druggists for 35 years.

Evans' Drug Store sells it for 50 cents a large bottle and many nervous, overworked, run-down, irritable people in Newark use it with splendid results. Remember it is guaranteed to give satisfaction or money back—that it is purely vegetable and does not contain opium, bromides or any coal tar products.

ORGANIZER OF OWLS HELD FOR INVESTIGATION

Police Chief Sheridan and Captain Swank Tuesday night arrested W. A. Acker, representing himself to be district organizer for the lodge of Owls and lodged him at the city prison pending an investigation which will include communication with officials at South Bend, Ind., national headquarters of the order.

His arrest followed a complaint filed with the police department by a local furniture dealer who alleged that Acker secured about \$100 worth of furniture signing the lease or chattel mortgage using his own name and that of Supreme President Talbot of South Bend, Ind.

The firm did not believe that every

thing was just right and a letter was written to Mr. Talbot at South Bend. His reply declared that no one bearing the name of Acker was an authorized representative of the order.

Acker is said to have worked at Somersett and the police officers communicated with some of the people mentioned by Acker in that town.

His wife was said to be in Somersett but the police department was informed that she had left there some time Tuesday. An effort was made Wednesday to reach President Talbot by telephone but it had been unsuccessful up to noon.

NEW BILLS

(Continued from page one.) and one for each 25 additional miners must be maintained. He will patrol the mine, direct dangerous operations within the mine, and may arrest miners or operators for disobedience of safety laws. Three bills recommended by the mining commission contain its safety recommendations.

Conservation of coal in the state will be left almost entirely to the industrial commission, which is to be empowered to supervise the operation of mines.

The commission expresses the opinion in its report that the conservation, safety and pay-as-mined features will not prevent the production of coal at as low rates as it is mined now.

Ohio operators will not be placed at disadvantage in competition with operators of other states, the commission declares. Authorities say under present conditions of mining coal in this state between 20 and 40 per cent of it is left in the mines. From 95 to 97 per cent of all the coal could be recovered, the commission believes.

Under present conditions it frequently happens that if the lowest seam of coal is the thickest, it is mined and the middle and upper strata are allowed to fall," said Judge P. M. Crow, chairman of the commission. "These are wasted. Great pillars of coal also are left in mines to support the roofs, whereas timber supports could be used and the coal in these pillars saved. If the industrial commission finds however, that certain mines are so arranged that coal cannot be mined profitably by extracting such a large proportion it will not insist on maintaining the standards which would mean ruin to the operators. We believe the recommendations made in our report will not produce unjust conditions for operators."

A feature of the mine run pay plan as proposed in the Green bill to which operators objected was the provision that they could not screen coal until after it was weighed and payment of miners estimated. Under the commission's recommendations, they may screen the coal, but payment must be made accordingly. All mine cars of coal conforming to the standard of purity established by the industrial commission shall be credited in full to the miners on the total weight of the contents. If operators and miners fail to agree on a percentage of fine coal at certain periods, the industrial commission may fix it. Operators and miners will not be allowed to make contracts fixing a standard for purities.

Penalties for operators who screen the coal in such a way as to reduce the total weight will be subject to a fine of from \$200 to \$600. Fines to be imposed on miners for loading dirty coal, or that not conforming to the standards are from 50 cents to \$4.

The mine run provision would go into effect October 1, 1914, according to the commission's recommendation.

Members of the commission are: Judge Phil M. Crow, Kenton, chairman; M. B. Hammond, Columbus, representing the industrial commission; James A. Roan, Columbus, coal operator; John C. Davies, state mine inspector, and Morris Albaugh, Murray City, representing coal miners.

WANTS TO ERECT BUILDING FOR THE MEXICAN EMBASSY

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 17.—Secretary of State asked the State Foreign Affairs Department today to submit in the coming diplomatic and consular appropriation bill \$175,000 each for embassy buildings in Mexico and Tokyo and \$160,000 for Peking.

He was asked if he did not think it would be advisable, under the present Mexican situation, to pass over the Mexico City building for the present, but he replied that he had confidence in Mexico's future and that there was no reason why the United States should hesitate about buying these properties there.

CLAIMS TO BE MURDERER OF THE MERCHANT

(ASSOCIATED PRESS TELEGRAM)
Chicago, Dec. 17.—An unidentified man, who says he is the murderer of Joseph H. Logue, a Chicago diamond merchant who was found dead in his office here a year ago with his eyes burned out with acid, stabbed seventeen times and shot, is under arrest in Cleveland, according to an unverified message received by the police last night.

The message was vague and no other information was forthcoming. John Faith and Harold Schneider are about to go on trial in the criminal court for the aged merchant's death and their attorney, Charles E. Erbstein, was reported to have gone to Cleveland to get additional information. Subsequent to the killing six suspects were arrested within a month, but all were freed.

NO ARREST MADE
(ASSOCIATED PRESS TELEGRAM)

Cleveland, Dec. 17.—When informed today that an unverified message received at Chicago told of the arrest in Cleveland of a man who had confessed the murder of Joseph H. Logue, Chicago diamond merchant, Chief of Police Howe said no such arrest had been made here so far as he knew.

It was further reported in Chicago that Attorney Charles E. Erbstein had come to Cleveland to obtain information which might be of value to him as counsel for John Faith and Harold Schneider, about to be put on trial for the Logue killing, but police here know nothing of Erbstein's presence in the city. Logue was found dead in his office a year ago.
